

Enabling Practice Success by Being
Physician Led. Practice Proven.[®]

THE AON DIFFERENCE

Practice Diversification

A partnership with AON enables practice growth and access to new revenue streams through centralized ancillaries such as clinical lab, pathology and oral oncolytic pharmacy.

Economies of Scale

Our ability to aggregate size and scale helps us to provide practices with the most competitive and attentive vendor services and drug pricing.

It's a Partnership

You deserve a partner and expert guide that evolves to meet your needs and stays ahead of industry and regulatory changes. With a drive to innovate cancer care, we're focused on the future of healthcare and how we can support your practice.

DELIVERING BETTER CARE TOGETHER

We are the fastest growing network of community oncology practices delivering local access to exceptional cancer care. We partner with physicians and their practices to help them navigate the complex healthcare landscape, improve quality of care and elevate community oncology.

THAT'S WHY WE FOCUS ON

Enriching the patient experience

By supporting the delivery of true value-based care through participation in the Enhancing Oncology Model program and enhanced services, such as care coordination.

Improving the lives of those who practice medicine

With over 40 years of proven practice management expertise and the enablement of new revenue streams by accessing additional service lines such as clinical lab, pathology and oral oncolytic pharmacy.

Being 100% physician led and governed

Allowing for practice autonomy, where our partnership is collaborative and leveraged as a resource but, ultimately, what gets implemented in the practice is up to the physicians.

With AON we have practice autonomy; we leverage AON as a resource but, ultimately, what we implement in the practice is up to us. Continuing to be physician led gives us the ability to voice our concerns and have those concerns addressed.”

HELPING YOU DELIVER HIGH-QUALITY PATIENT-CENTERED CARE

A partnership with AON ensures patients receive the best possible care and experience. We are patient first, always.

PATHOLOGY

We provide centralized pathology services so you can make more informed clinical decisions and achieve the best possible patient outcomes.

PHARMACY

We provide in-house specialty pharmacy services with ready access to 99% of available oral oncolytics. Medications are dispensed quickly to ensure patients never miss a dose.

CARE COORDINATION

Ongoing care coordination is provided by experienced oncology clinicians and support staff to assist patients throughout treatment with symptom management and nutrition needs.

CLINICAL TRIALS

We have the expertise to help your practice begin or expand its participation in clinical research trials, so you can provide your patients with convenient access to the latest and most innovative therapies close to home.

Working with AON has brought additional benefits to my colleagues and me, and ultimately our patients. It's services such as these that help us to ensure our patients receive the best possible care and experience."
