**GENERAL CONSENT FOR CARE AND TREATMENT**

---

**TO THE PATIENT:** You have the right, as a patient, to be informed about your condition and the recommended surgical, medical or diagnostic procedure to be used so that you may make the decision whether or not to undergo any suggested treatment or procedure after knowing the risks and hazards involved. At this point in your care, no specific treatment plan has been recommended. This consent form is simply an effort to obtain your permission to perform the evaluation necessary to identify the appropriate treatment and/or procedure for any identified condition(s).

This consent provides us with your permission to perform reasonable and necessary medical examinations, testing and treatment. By signing below, you are indicating that (1) you intend that this consent is continuing in nature even after a specific diagnosis has been made and treatment recommended; and (2) you consent to treatment at this office or any other satellite office under common ownership. The consent will remain fully effective until it is revoked in writing. You have the right at any time to discontinue services.

You have the right to discuss the treatment plan with your physician about the purpose, potential risks and benefits of any test ordered for you. If you have any concerns regarding any test or treatment recommended by your health care provider, we encourage you to ask questions.

I voluntarily request a physician, and/or mid-level provider (Nurse Practitioner, Physician Assistant, or Clinical Nurse Specialist), and other health care providers or the designees as deemed necessary, to perform reasonable and necessary medical examination, testing and treatment for the condition which has brought me to seek care at this practice. I understand that if additional testing, invasive or interventional procedures are recommended, I will be asked to read and sign additional consent forms prior to the test(s) or procedure(s).

I certify that I have read and fully understand the above statements and consent fully and voluntarily to its contents.

## OFFICE AND FINANCIAL POLICIES

Thank you for choosing Low Country Cancer Care (LCCC), a division of American Oncology Partners, P.A. (AOP). We are so pleased that you have selected our practice to receive care and treatment from us. We believe that our patient's time is valuable, and our goal is to provide medical care in a timely manner. In order to achieve our goal, we have implemented these Office and Financial Policies to better utilize appointments for patients in need of care. Please feel free to contact our office if you have any questions regarding the policies.

### \_\_\_\_\_ **Appointments**

(Initial)

If you are unable to keep your appointment, please notify our office as soon as possible. This courtesy allows us to give appointments to another patient in need. If you are more than 30 minutes late to your appointment, please be aware that your appointment may need to be rescheduled. Please be advised that if you have 3 or more 'No Shows' within a 12-month period, you may be discharged from the practice. While we strive to schedule appointments appropriately, emergencies can and do occur in our facilities. For this reason, we kindly request your patience and understanding should a delay or rescheduling become necessary during the time of your appointment.

### \_\_\_\_\_ **Financial Policy**

(Initial)

- During the check-in process of your appointment, we will ask for your insurance card(s) and a photo ID to ensure that we have the most recent information.
- Co-payments must be paid prior to being seen by one of the providers, on the date that service(s) are rendered. Self-pay or uninsured patients will be required to pay a deposit prior to being seen. Patients are responsible for their deductibles or charges not covered by insurance. As a courtesy to you, we file your insurance claims, therefore it is your responsibility to provide our office with up-to-date billing information.
- Please understand that your insurance is a contract between you and your insurance company, and you are ultimately responsible for the bill. If you have not received an explanation of benefits within 30 days of seeing your health care provider, you are expected to contact your insurance company for an explanation as to why payment has been delayed.
- Self-pay patients are required to pay for services prior to being seen for their visit and the remaining balance from the total visit cost will be billed to the patient. Our office offers a discount if payment can be made in full. If payment cannot be made in full for services rendered, our office is unable to offer a discount.
- It is understood that returned checks made payable to this office for insufficient funds, stop payments, or other reason for non-payment will be assessed a \$30.00 NSF fee for which the patient will be held responsible.
- Patients with no financial ability to pay will be assessed by our Financial Counselors to see if they qualify for any type of financial assistance. Please notify the front desk if you would like more information from a Financial Counselor.

## OFFICE AND FINANCIAL POLICIES CONTINUED

\_\_\_\_\_ **Patient Portal**

(Initial)

The patient portal (CareSpace) allows patients to manage their personal health information at their own convenience. You will be able to securely send non-emergent messages to our practice, send refill requests, request and keep track of appointments, and view your medical history/summaries from your office visits.

\_\_\_\_\_ **Prescription Refills**

(Initial)

In order to assist all patients in a timely manner, please contact your pharmacy directly and they will work on refills in partnership with your providers. Please allow up to 72 hours to process your refill request(s). Please note that prescriptions will not be refilled after hours, on weekends or holidays. Some prescriptions cannot be filled if you have not seen your provider within the last 3-6 months. If you have a mail service for prescriptions, please allow 7-10 business days for the necessary forms to be completed. It is very important you plan accordingly with mail service prescriptions to allow adequate time for paperwork to be processed.

\_\_\_\_\_ **Referrals and Prior Authorizations**

(Initial)

Most insurance plans require a patient to be seen by their primary care provider prior to seeing a specialist. If your insurance plan requires a prior authorization, you must verify your insurance has approved the visit before seeing the specialist. Otherwise, you will be responsible for any incurred charges.

\_\_\_\_\_ **Other**

(Initial)

**Patient is responsible for the protection and safety of patient's property. Low Country Cancer Care (LCCC), a division of American Oncology Partners, P.A. (AOP), shall not be responsible or liable to patient for any damage or loss of property in the Building of Premises at any time. LCCC/AOP is not responsible should the patient leave premises against the advice of a medical personnel. The use of any video recording devices around patient care is strictly prohibited on LCCC/AOP property.**
